

IMPORTANT NEWS FLASH!!! Stock Car & Mini Stock Class!

Written by Administrator

Wednesday, 12 December 2012 01:55

Stock Car - Mini Stock Class: Aluminum Cylinder Head is now optional. This decision was based upon availability and affordability. Still have to follow class specs.

FRIENDLY REMINDER for those classes that have not finalized their class rules. If rules are not finalized by March 1, 2013, the track will take the position to close it out before March's first seasonal race.
