Hello all,

We'll soon be implementing Driver Profiles in an effort to raise the level of quality for our growing park. We'd like to recognize the drivers that make our events happen, and what better way than encouraging the fans to check out their favorite drivers? At the next few events, we'll be handing out Driver Profile forms in addition to taking your photo in front of a green screen.

In order to look professional, please wear your race-suits and gear for your photo! In addition, we need all drivers to fill out your Driver Profile form FULLY. That means answer all of the questions legibly and to the best of your ability.

This information will then be used to create your Driver Profile for the official KRP Website. Each driver will receive a custom-built Driver Profile that your fans can follow, while potential sponsors can also view!

In the end, we'll have it looking something like this (Click on the image to view a higher resolution):
