

An amazing Sunday...full of excitement!

Monday, 28 March 2011 09:11

Wow...what an incredible Sunday! As a short recap, the day got off to an exciting start as the Unlimited dragsters started off with their free runs. What seemed like a typical morning warm-up soon turned into a display of the effects of uncontrolled speed as we had two spectacular crashes one after another. This really woke everyone up and laid down some considerable tension as people stepped up to the line to make their runs.

The racing went down in a heads up, no-holds barred elimination grudge match amongst our competitors. Some quick highlights include a very fast WRX driven by our avid HulaCrosser, Mike Ward taking his class win in his first time at the Sand Drags and Tom Brown taking second place after his harrowing rollover crash that morning against final winner Les Souza, and our 4WD Unlimited class was taken by Jeremy Moniz in his "Showtime" dragster. Kapena was on-hand with a great set, including our hilarious MC, Rodney Villanueva, and all had a great time as the racing went down in exciting fashion.

More photos and info to come, but for now, take a look at some GoProHD footage taken from Tom Brown's crazy roll over! As a reminder our next Sand Drag will be on Sunday, April 17th! The date has been moved so that we don't conflict with Easter! See you there!
