

HCDA Presentation set for September 3rd, 2008!

Written by Administrator

Wednesday, 13 August 2008 11:00 - Last Updated Thursday, 14 August 2008 11:40

Hello all,

I'd like to say thank you to all of you that are continuing to support this effort. It's been awhile since we've had some fresh info for the site. I am posting this small update to let you know that we continue to work very, very hard on the task before us and that this project is very much alive. We had hoped to be on the August agenda for the Hawaii Community Development Authority (HCDA) but we needed a bit more time to do some very important run throughs and critiques as we wanted to make it the best it can possibly be.

In addition, the timing has to be right. We've worked long and hard on this, and we need to allow you, the supporter, sufficient time to know and prepare to join us when we make our presentation before the HCDA. I'm very happy to announce that day is set for **September 3rd, 2008** at 9AM at the newly constructed Department of Hawaiian Homelands (DHHL) Conference Room in Kapolei. Here's the full information:

When:

Wednesday, September 3rd, 2008
9:00AM to 2:00PM

Where:

Dept. of Hawaiian Home Lands
Conference Room
91-5420 Kapolei Parkway
Kapolei, Hawaii 96707

In addition, you can check the following HCDA website for the upcoming meeting agendas and past minutes: [HCDA 2008 Agendas](#)

HCDA Presentation set for September 3rd, 2008!

We have worked diligently for the past few weeks polishing our presentation in anticipation for standing before the HCDA and getting this show on the road. I ask that if you are supportive of the construction of a new home for motorsports, then to please join us on this very important date. We're not asking for banners or sign waving, just a respectful display of support for this project. I cannot stress enough how important this first meeting is to the future of this effort. **If you support building a racetrack, then please tell your friends, family, and co-workers about this date, and urge them to attend in support.**

There are people who are committed to preventing this project from moving forward, and you can fully expect them to be in attendance. We hope that if you support it, you will be there as well.

In regards to the planning and construction of this facility, I ask that all of you come here to get the facts first. Again, if you have questions, feel free to post them on our discussion forums where one of our team members, or the Developer, Mr. George Grace Jr., can answer you directly: [KRP Forum](#)

We're always willing to listen, and answer. Mahalo for your support, and thank you for still believing in a new home for our displaced motorsports community. We hope to see you there.

Sincerely,

Michael J. Kitchens
The KRP Project Team
