

Free Registration is now open for all Hula/MotoCross drivers and riders. Sand Drags will be implemented for special events, but otherwise will run under the normal tech process & registration.

Why register? By registering now, you'll only be required to sign the waivers, get your wristband, pay your fee (if any) and get to the racing action immediately! We've reduced the clutter, so there's no long forms to fill out on event day and it will make registration much simpler for both you and our team at KRP.

You may pre-register now by clicking on the [Driver Registration](#) link in the navigation bar or by clicking here:

Registration is now open for all events! Check out our new registration system!
