

ATTENTION ALL RACERS

As we will be combining Stock Car & Hula-X racers in the same pit area, the rules of **"No one under the age of 13"** will apply to everyone this Sunday.

Also, Pit Pass wristbands will be sold for \$5 to all interested that's 13 years & older.

For those who have keikis, that is under the age of 13, that race or participate in the Keiki Exhibition Motorcross, there will be a separate designated area that you will be allowed to stage their bikes/quads, outside of the pits and near the spectator area. When it becomes your child's turn to go onto the track, they will meet you in this designated area, where you will accompany them onto the race track. After they are done, you will accompany your child back to the designated area, where you will be able to leave their bike/quad and they would return back to the spectator area.

This will be enforced for the explicit safety of your child and we greatly appreciate your cooperation.
