

Aloha,

Welcome racefans and enthusiasts. Many of you know that Kalaeloa Raceway Park has been in long, on-going battle with the Department of Hawaiian Homelands to keep our racetrack going. It has been several years, and we have made no further progress due to the difficulties encountered when dealing with the agency. We requested to the address the Hawaiian Homes Commission, and therefore on Sept 24th, flew to Kona, Hawaii to address our concerns. The following video is a recording of our testimony as well as our video presentation for DHHL.

Mahalo for your support!
