We'd like to thank every competitor, spectator, worker, and volunteer who made today's Grand Opening of the KRP Oval a massive success! The day was filled with fantastic motorsports action from all of the classes that participated in today's event. This was a historic day and we were very proud of everyone's commitment to getting racing back on track. We'll have video and photos up within the week, so watch out for it! Please remember to check back soon for the 2013 Season Calendar for all of our events. Mahalo!
