

KRP is proud to present the full, first ever and historic stock car race at our KRP Oval Grand Opening that took place on December 9th, 2013. If you or someone you know participated in this event, please feel free to share and watch it on Youtube! At nearly an hour long, we highlight the event and show-off our new Valve Service Stock Car Oval Track! We hope you enjoy and make sure to check out our season openers happening this March!
